

# Welcome

## November Newsletter

Dear Parents,

Hi! What a great month October was for the children! Each class learned a lot of fun and interesting things and worked especially hard at learning the songs for our All Saints Day Liturgy celebration. We all had a truly wonderful time celebrating our very special Saints and learning about the origin of Halloween. I'd like to especially thank all of the parents who sent in treats for that day. I'd also like to thank the following students for representing our Saints on that day: Emily Grosser for representing St. Mary, Simon Wells for representing St. Francis and Alex Amin for representing St. Patrick. Great job everyone!

This month promises to be just as exciting as we will be finishing up our units on the beauty of God's world and begin concentrating on the gift of our senses beginning with talking, hearing and seeing, three very special gifts that God has given to us. Toward the end of the month, we will be celebrating our very special Thanksgiving Liturgy. We are sending home information along with this newsletter to let you know what will be needed for that day. A list of the words to the new songs that the children will be learning this month are also included so that you can practice with them at home, if you would like, to help prepare them for our upcoming liturgy celebration.

In closing, I would like to mention the names of our Sunday School staff and thank them for their hard work, creativity and dedication to St. Mary's Sunday Kindergarten and Preschool Program. As director of the program, I feel very blessed to be working with such talented people. They are, Jennifer Schalk – Lead Teacher/Jessica Bouras & Meghan MacDonald – Co-teacher's (3 yr.
